

Section 12. Estimated Club Development Plan Costs.

- Having completed your club development plan, it is vital to document the total costs associated with your club development plan.
- This summary of costs will focus the need to apply for grant aid, attract sponsorship, increase fundraising or bring other investment into the club.
- The financial figures referenced throughout your club development plan should be realistic, you should identify where you intend to attract the relevant amount of investment from either from internal or external means.

The club treasurer should facilitate this section of your club development plan, so the costs associated with the club development plan can be taken into account when presenting the full cricket club's accounts.

Table 1.
Breakdown of estimated club development plan costs.

Instructions: For each section of your club development plan, complete the final column in **Table 1** below identifying the realistic costs associated with your club development plan.
The sub total of each section should then be totalled to give an overall cost of your club development plan.
All characters entered should be numeric and represented as pounds sterling.
Use the tab key or the cursor keys to move up or down the column (do not use the enter or return keys).
